**INTEGRATING, AUGMENTING
& DELIVERING THE SUSTAINABLE
DEVELOPMENT GOALS (SDGs)**

WHAT & WHY

KUNE, 2030NETWORK & THE SDGs

At Kune, we are changing how change is made. We connect and empower people, businesses and communities to transform lives, livelihoods and the planet.

The UN's 17 Sustainable Development Goals (SDGs) are far-reaching commitments agreed by 193 governments to globally address key issues – including climate warming, poverty and inequality - by 2030.

THE SDGs - IMPERFECT, BUT FANTASTIC

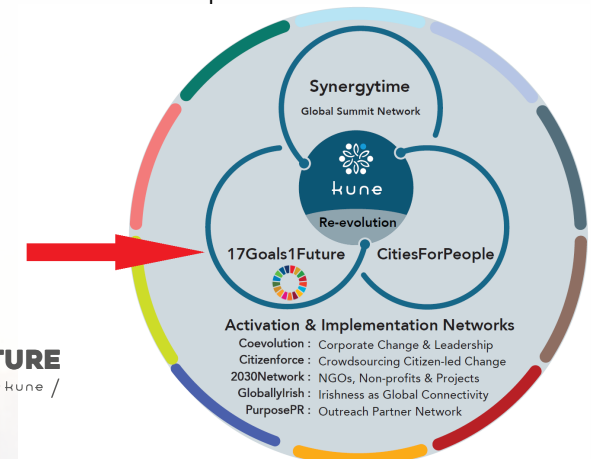

The SDGs are imperfect - they under-estimate both the depth of systemic changes needed for their delivery and the paradigm-changing impacts of technology in this decade. Never-theless, they are an incredibly powerful, praiseworthy & agreed framework for change.

17GOALS1FUTURE - INTEGRATING, AUGMENTING & DELIVERING THE SDGs

By embedding SDG support as a core aspect within each local & topical community we run, and by building a network of communities each focused specifically on delivering one goal, we will integrate the SDGs into our global network of energy & change to ensure their implementation.

5 GOALS FOR PEOPLE, 5 FOR PROSPERITY

17GOALS1FUTURE
kune /

The idea is to have people, existing groups or organizations to engage their areas of interest within their communities. Then leverage the power of the platform to connect with similar people in other communities and around the world to share ideas and insights for what works and what doesn't to learn from and support each other.

CITIZENFORCE
kune /

The KUNE citizen force will be a diverse group of volunteers committed to serving their communities. They will help coordinate with local volunteer groups and organizations, fundraising, or contribute to data collection and analysis for Insight2030. The Citizen Force will connect their community to the global KUNE platform and ground the platform to help facilitate real change.

CITIZEN- POWERED CHANGE

17GOALS1FUTURE

MAKE YOUR DIFFERENCE

Follow your interests. Apply your unique skills. Share your voice. Shape your world.

THE CORPORATE MANDATE FOR CHANGE

The companies that are seen to help society take the biggest steps in the transition to a more inclusive, sustainable, and circular economy will be the most rewarded. In addition to attracting the tax benefits, government grants, and PR benefits typically associated with such leadership, they stand to lock in critical gains in customer and employee branding and be held up as social and environmental champions.

A WIN-WIN FOR COMPANIES

Closer engagement with communities also provides companies with fresh streams of insights and feedback that will drive better product/service development.

FOUNDING SPONSORS

kune / MISSIONPOWERED

KUNE is launching 2,000 plus country, state, county, city and town pages globally. You have the chance to become an eternal founding sponsor of the city or town of your choice.

EMPOWER PARTNERS

kune / EMPOWERSCALE

The leading companies of tomorrow will be those that most comprehensively and flexibly embrace the change we are living through and become leading players in making that change.

PURPOSE PR

kune / EMPOWERSCALE

We want to work with PR agencies in 2,000 plus cities and towns around the world to promote the local KUNE community in their area to local media and businesses to promote customer/market and employee goodwill and make a difference in local communities.

WE MAKE IT WORK FOR YOU

KUNE is designed to help businesses, employees, and communities to work together more effectively to navigate and lead the way to a better world.

LET'S GET STARTED!

By bringing communities together to make change happen locally and to join in a constructive global movement. Together we can crowdsource new, resilient & dignified futures in order to transform lives, livelihoods & the planet.

KUNE links cities and communities, connecting sectors and bridging expert knowledge with grassroots action. It shares information, training, ideas and improvements that will create feedback loops to help businesses to develop better products/services and governments to make more flexible & adaptable policy decisions.

The Globally Irish network will seed this movement, creating the initial groundswell of activity that allows it to take root, and guiding its early steps both locally & globally.

We need you. We need everyone. We need energy, insight, goodwill, commitment.

And, we need action. It's time to build the world that we want to live in. Join us.

Let's remake society together!
